NEW HAMPSHIRE
DEPARTMENT OF PUBLIC INSTRUCTION

Concord, January 30, 1919.

To Chairmen of School Boards and Superintendents of Schools:

It has been the custom of this department in previous years to notify school boards and superintendents on or about February 1, of the amount of money required by law for schools, and the amount to raise entitling districts to state aid.

There is a bill at the present time before the Committee on Education in the House of Representatives which reorganizes the whole system of raising school money and apportionment of state aid. We therefore suggest that you delay your annual school meeting as late as possible in order to follow the new regulations, if this bill becomes a law. School meetings shall be held between "March 1, and April 20." Any necessary information will be immediately forwarded. If no changes are made we shall send the usual information.

Very truly yours,

HARRIET L. HUNTRESS,

Deputy State Superintendent.

Attention of Superintendents

Changes in the personnel of the High School staffs must be reported to the office immediately in order that our registration of high school teachers may be kept up to date.

REPORT OF THE SCHOOL BOARD

To the Citizens of Newton:

The report of the School Board will cover only from Feb. 15, 1918 to Aug. 31, 1918, as a law was passed, changing the scholastic and fiscal year so both should expire at the same date.

The Grammar School was in charge of Miss Hazel Gleason. The work accomplished hardly reached the standard we had hoped for. The pupils in this school are capable of good work under favorable conditions.

The Village Primary School was taught by Miss V. Isabelle Rowell. She is a good thorough teacher. Her pupils who were to enter the Grammar School in September were well qualified, and are a credit for the faithful labor spent on them.

Miss Angelia E. Kelly finished the year at the Junction school with the good success of the preceding four years. She works hard for the advancement of her pupils.

Rowe's Corner School was taught by Miss Mary E. Wilbur, who thoroughly maintained the high standard of the work begun in September, 1917.

We desire again to call the attention of parents to the necessity of regular attendance at every session of school and wish each parent would give the matter thoughtful attention. We ask your co-operation in this matter. When a pupil remains away it is not only an injury to that one but to all in the school.

Possibly all do not realize that the amount of our State Aid depends on the attendance. We feel that habits of regularity formed in childhood go with us all through life.

Therefore we desire to have the children of Newton form habits of punctuality and regular attendance at school.

Respectfully submitted,

MARY E. ROWE,
CLARENCE E. STAFFORD,
ELVIRA R. DART,

School Board of Newton.
